Denver, Colo., July 9 .- The 31 year long search of Edward J. Martin, of Kansas City, for his mother ended here at a local newspaper's telephone booth, when, following a clue secured by the newspaper, he talked with and recog-nized the voice of his mother on the long distance telephone from Oursy,

Colo.

Thirty-one years are, Martin, who is \$3 years old, ran away from his step-father's home at Shelbyville. Ill., and became a street urchin on the streets of Kausas City. Later he heard his mother had left her second husband and he began a search for her. She was traced to Ouray, where she is Mrs. Weaver. STRIKE SITUATION IS AGAIN TENSE IN WEST VIRGINIA

Charleston, W. Va., July 2.—Reports from Ohley, where shots were directed at miners as they emerged from a mine after a day's work, are that there were no further disturbances. The situation, however, is said to be tense.

Governor Hatfield has lessed a sharp statement in connection with the resumption of the mine strike on Paint and Cabia Cracks. He insisted that the civil authorities, namely, the nucleical and police departments must at once use every effort to suppress law-lessness. In the absence of such procedura the governor intimated means would be taken to make them do so. In a letter to sheriff Bonner Hill, of Kanawha county, governor Hatfield states that it is the sheriff's duty to control lawlessness and if a real national fails that the state authorities would be ready to act.

Senate Committee Questions Officials of Farmers' Union About Their Activity for Tariff Legislation-Democrats Trick Republicans and Secure Copy of Protest Against Tariff Measure.

ASHINGTON, D. C., July 9.—A.

D. Baldwin, a Cleveland attorney, before the senate lobby committee today, testified that in Washington, talking to congressmen.

Senator Simmons heard some weeks ago that Republican leaders had cautioned senator Smoot to hold back the malysis, "Dan't send it in yet," they urged, "It will give us away," about the sugar turiff, he represented Alexander and Baldwin, of New York, and received \$39 a day.

A. S. Smith, of Tonnille, Ga., president A S. Smith, of Tennille, Ga, president of the state branch of the Farmers' Union, was questioned about a meeting of a committee of the National Farmers' Union, at New Orleans, last spring, at which a scheme to increase the consumption of cotton was to be discussed. He testified that his expense there was paid by B. D. Bowen, president of the Texas branch of the union. President Barrett of the national organization was not present.

All Interests Seek Aid.

All Interests Seek Aid. H. H. Mobley, of Frairie Grove, Ark, resident of the State Farmers' Union, aid he was at the New Orleans meet-ing called by Bowen. He signed a telegram to the Arkansas

"I am slow to make accusations," said Mobley, "but I have come to know that at all meetings, state and national, we are surrounded by men who want us to do something for their interests." William Whitman, of Boston, former president of the National Association of Wool Manufacturers, and president of the Arlington mills, at Lawrence, Mnss., was the next witness.

Seek Aid for Cuban Planters.

Charles D. Westcott, a Washington attorney who lives in Cuba, took up the sugar story before the tariff lobby probe. He told of an unauccessful effort he made to get Cuban planters to put up \$25.000 for the expenses of a free sugar campaign in Washington to effect the offorts of the antifree sugar. He declared that his effort had falled after he had believed it successfully launched and gave it as his opinion "that the sugar trust had been responsible."

Senator Cummins said he could understand the attitude of most men in Seek Ald for Cubun Planters.

derstand the attitude of most men in sugar questions, but was greatly surprised to see an American interested in securing free sugar because it would benefit the Cuban planter. Westcott admitted that that was his principal chief.

The finance committee chairman determined to lay in wait for the document and he pounced on it hefore it went to the printing office. Row Over Currency Bill.

All seggions of the house banking and currency committee for consideration of the administration currency bill will be open to the public. This was agreed upon by the Democratic members of the committee after an executive seggion said to have been marked by lively incidents. Rumor had it that some of the committeemen almost come to blowg but this was emphatically dealed by challeman Gless.

Over the protest of the challeman and other influential members, the Democrate adopted the report of a sub-committee headed by representative Sulkley, of Oblo, resummending that all heavings and that all meetings of the committee or subsommittee be open, except on a vote of four-fifths of these present for an executive session. The full committee is expected to railfy this action.

Consideration of the administration hill by the Democrats of the committee was started, but they struck a snag before a pase and a half had been read. Representative Bassdale, of South Carolina, announced that he expected to offer a substitute for all of that part of the measure relating to district reserve cities.
